Mr. Shaun Best
1110 Pine Circle
Smackover, Ark. 71762

Dear Mr. Best,

I received your recent message with your requests. If you have my letter from the early 1990's supporting your organization, you may feel free to use it to support your fund raising efforts for increasing awareness of brain injury issues.

Unfortunately, I cannot help you with documenting your nomination by Southern Arkansas University for a fellowship at Harvard in the Program in Ethics and the Professions. I am not involved in that program and do not have any knowledge of your nomination or how your application was ranked. If SAU received notification of your ranking, they may be able to provide a letter to document that information.

Keep up your good works.

Sincerely,

A handwritten signature in black ink, appearing to read 'Alvin F. Poussaint'.

Alvin F. Poussaint, MD
