RE: Shaun Best

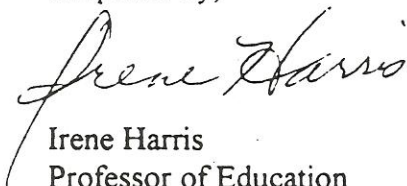

Scholarship Committee:

Without reservations, it gives me great pleasure to recommend Shaun Best for your scholarship program. Shaun was a student in my classes. Through this relationship, I know him as a scholarly and positive role model. These characteristics were reflected in his personal education.

Shaun is liked by his peers and professors. He is sensitive to the needs of others and is genuinely concerned about their welfare. He is knowledgeable and has an inquiring mind. I am impressed with his intellect, organizational ability and interpersonal communication skills. He is able to make applicable all of these characteristics professionally and constructively in his educational pursuits and teaching. Shaun's character is an expression of high integrity and morals. He has a positive attitude and an empathetic understanding for others. The acceptance of Shaun would be an enhancement and a benefit to our profession.
