In general 50 children participated in the event.</p> <p>First of all, BKA team told children about the history of the event and its mission. The Road Traffic Police representative provided the statistics on road accidents in Belarus and particularly in Minsk. Then BKA team together with children analyzed the most typical causes of crashes.</p>	Website: <a href="http://www.bka.by/">http://www.bka.by/</a> Social media: <a href="http://instagram.com/bka_club">http://instagram.com/bka_club</a> <a href="https://www.facebook.com/BKAClub/">https://www.facebook.com/BKAClub/</a> <a href="https://twitter.com/BKA_club">https://twitter.com/BKA_club</a> <a href="https://www.youtube.com/channel/UCZtINs-S1-2AufwMVXBk">https://www.youtube.com/channel/UCZtINs-S1-2AufwMVXBk</a> <a href="http://vk.com/bka_by">http://vk.com/bka_by</a> Email: contact@bka.by

			<p>BAK focused on the fact that the road traffic accidents are absolutely avoidable provided the simple road safety rules are observed. Together with children we repeated the basic principles of safe behavior on the road referring to Safe and Healthy Streets campaign launched by the FIA Foundation and Child Health Initiative. BAK covered such crucial aspects of road safety as the use of reflective elements, safe road crossing, the use of seatbelts, importance of helmet wearing, lower vehicle speed limits, the use of child restraint system, clean air and a healthy environment and others.</p> <p>Then we checked children's knowledge on road safety in the form of quiz and gave them opportunity to try their hand in the practical contest "Who will be the fastest in fixing a child in the CRS?". The most active participants got valuable prizes from BAK: the brochures on correct CRS use, reflective elements with the logo of the event, stuffed toy BAKashka and flash drive with BAK logo.</p> <p>At the end of the event the audience observed a minute of silence in memory of road traffic victims. Then BAK team invited children to write down their wishes and feelings on the WDOR 2017 signboards. After that BAK, children, their teachers and representative of the Road Traffic Police launched 150 white balloons as symbol of road traffic victims' souls in the educational center yard.</p> <p>The representatives of media – Minsk TV Channel – attended the event.</p> <p>The representatives of diplomatic sector of Belarus also supported the initiative: the honorary consul of the Kingdom of Bahrain in Belarus Mr. Raphael Musaev and the honorary consul of the Cyprus Republic in Belarus Mr. Stanislav Ogurtsov made photos with the WDOR2017 signboard.</p> <p>BAK actively spread the information about the event in its social networks: Instagram, Twitter, VK, Facebook.”</p>
